The result of successful cooperation between:

INDIMANT is an authorized licensee of Hell Gravure Systems of diamond tools for Helio-Klischographien since 1976.

Together with HELL, we have developed a new stylus concept to respond to market demands for optimized stylus qualities, lifetimes, and prices.

**Now available at Indimant at a launch price.**

# 70 years of experience at your disposal

---

*Parts of the modern engraving production*

In its current constellation, INDIMANT Industriediamanten GmbH exists since 2010. However, it represents a tradition of 70 years. The expertise of our team of specialists forms the backbone of our competitiveness.

*The production facility is fitted with state-of-the-art technical equipment.*

*The team from INDIMANT, led by managing partner Ralf Dohrendorf, is at your service.*

Do you have questions about the new generation of engraving tools?

Please feel free to contact us. A high degree of flexibility allows us to respond quickly and individually to your requirements.

Synthetic diamonds, another contribution to sustainability.
